This call regulates the application procedure for the PhD Course in Applied Clinical Research for the academic year 2024/2025, corresponding to the XL cycle of PhD programmes run in accordance with current legislation.

There are 6 places available, of which at least 5 are covered by scholarships or equivalent forms of financial support provided via research funding or other sources of funding from partnering bodies, also relating to the “Executive PhDs” described below.

researchers to work independently and collaboration with research groups abroad. Liaising with non-Italian tutors and discussants further develops the international dimension.

The main scientific and disciplinary areas covered by the PhD programme are as follows:

- 05/G – EXPERIMENTAL AND CLINICAL PHARMACOLOGICAL SCIENCES
- 06/A - PATHOLOGY AND LABORATORY DIAGNOSTICS
- 06/C – GENERAL CLINICAL SURGERY
- 06/D – SPECIALISED CLINICAL MEDICINE
- 06/F – INTEGRATED CLINICAL SURGERY
- 06/H – GYNAECOLOGY AND OBSTETRICS
- 06/I – CLINICAL RADIOLOGY
- 06/M - GENERAL AND APPLIED HYGIENE AND MEDICAL STATISTICS

The PhD training project provides for students to take part directly in ongoing research programmes run by organising bodies or other partnering bodies. Further information about research topics analysed during the PhD course are available at this link: <https://www.hunimed.eu/course/phd-in-medicine/>. Indications regarding the scholarship or equivalent source of funding associated with each research project are also provided here.

Applicants wishing to enrol on the PhD Programme in Applied Clinical Research must be in possession of the following titles:

- a “laurea magistrale” awarded in accordance with D.M. 270/2004 or an equivalent university qualification awarded by a foreign university (usually referred to as a Master’s Degree), in Medicine and Surgery;
- a specialist medical qualification.

Doctors in specialist training enrolled in a medical specialization course may also be admitted to the selection upon evaluation by a special Commission indicated by Humanitas University of the levels of autonomy achieved and duly documented within the framework of the specialty training course. These candidates, if they pass the selection, in accordance with what is indicated in Article 5 below, can enroll in the PhD course upon the issuance of the positive opinion of the board of the medical specialization school in which they are enrolled.

Further information regarding the equivalence and/or equalization of Italian academic qualifications please consult: <http://www.miur.gov.it/equipollenze-ed-equiparazioni-tra-titoli-accademici-italiani1>.

The equivalence of a foreign academic qualification is evaluated by the Committee appointed to assess applications for admission to the PhD Course in accordance with current legislation in Italy and the country where the qualification itself was awarded, as well as with international treaties or

Issued by Rector's Decree No. 129/2024

The online form allows candidates to save their application in draft mode prior to the application deadline. The submission of the application to take part in the selection procedure is certified by the form, which automatically sends an electronic receipt to the email supplied in the application. Once the deadline for submission has expired, the system will no longer allow access to the application or the electronic form to be sent.

Every application submitted will be assigned a reference number which, together with the code of the call indicated in the software app, must be specified for any subsequent communications.

The application procedure requires the following documents to be uploaded in PDF format only:

1. Curriculum vitae (maximum 2 pages) describing the qualifications held (including publications and participation at conferences) and any professional or research experience which can be used to assess the applicant's aptitude for scientific research (candidates are advised to use the Europass format for their CV <https://europass.cedefop.europa.eu/it/documents/curriculum-vitae>);

The timetable of the interviews will be posted from July 29th 2024 on the website <https://www.hunimed.eu/course/phd-in-clinical-research/>.

for all intents and purposes. Candidates who are not notified that they are excluded from the selection process are required to attend the interview according to the timetable and will be asked to provide a valid identification document.

Once the interviews are over, the Commission will draw up the general ranking on the basis of the total score awarded to the candidates following the assessment of their curriculum and qualifications, and the interview.

Applicants achieving a minimum overall score of 60/100 are considered to have passed the selection process.

The points awarded to each individual candidate will be posted, guaranteeing their privacy, on the PhD programme web page at <https://www.hunimed.eu/course/phd-in-clinical-research/>. The publication of the results is considered official notification of the successful candidates for all intents and purposes and

insurance and stamp duty, see 41
